LIVE THE BRAAI LIFE WITH CADAC

CADAC – Commercial And Domestic Appliance Company – is one of the most recognized and trusted brand names in the outdoors and on the patio. It is a leading manufacturer and marketer of a wide range of outdoor leisure products designed for both the patio and outdoor camping and hiking with unequalled durability, portability and convenience.

CADAC has over 60 years of outdoor products and BBQ heritage. Commencing its operations with the large scale manufacture of gas cylinders in the 1950s, it progressively launched more and more products, like lights and cookers, heaters and stoves and portable gas BBQs. These products are intended for use predominantly for the outdoors.

More recently, in 2000, CADAC further diversified its product offerings to include a comprehensive high quality range of patio products, from gas patio barbecues to the more traditional kettle barbecues, with unique features and a host of useful accessories.

All CADAC designed products are manufactured internationally and shipped directly to the various markets.

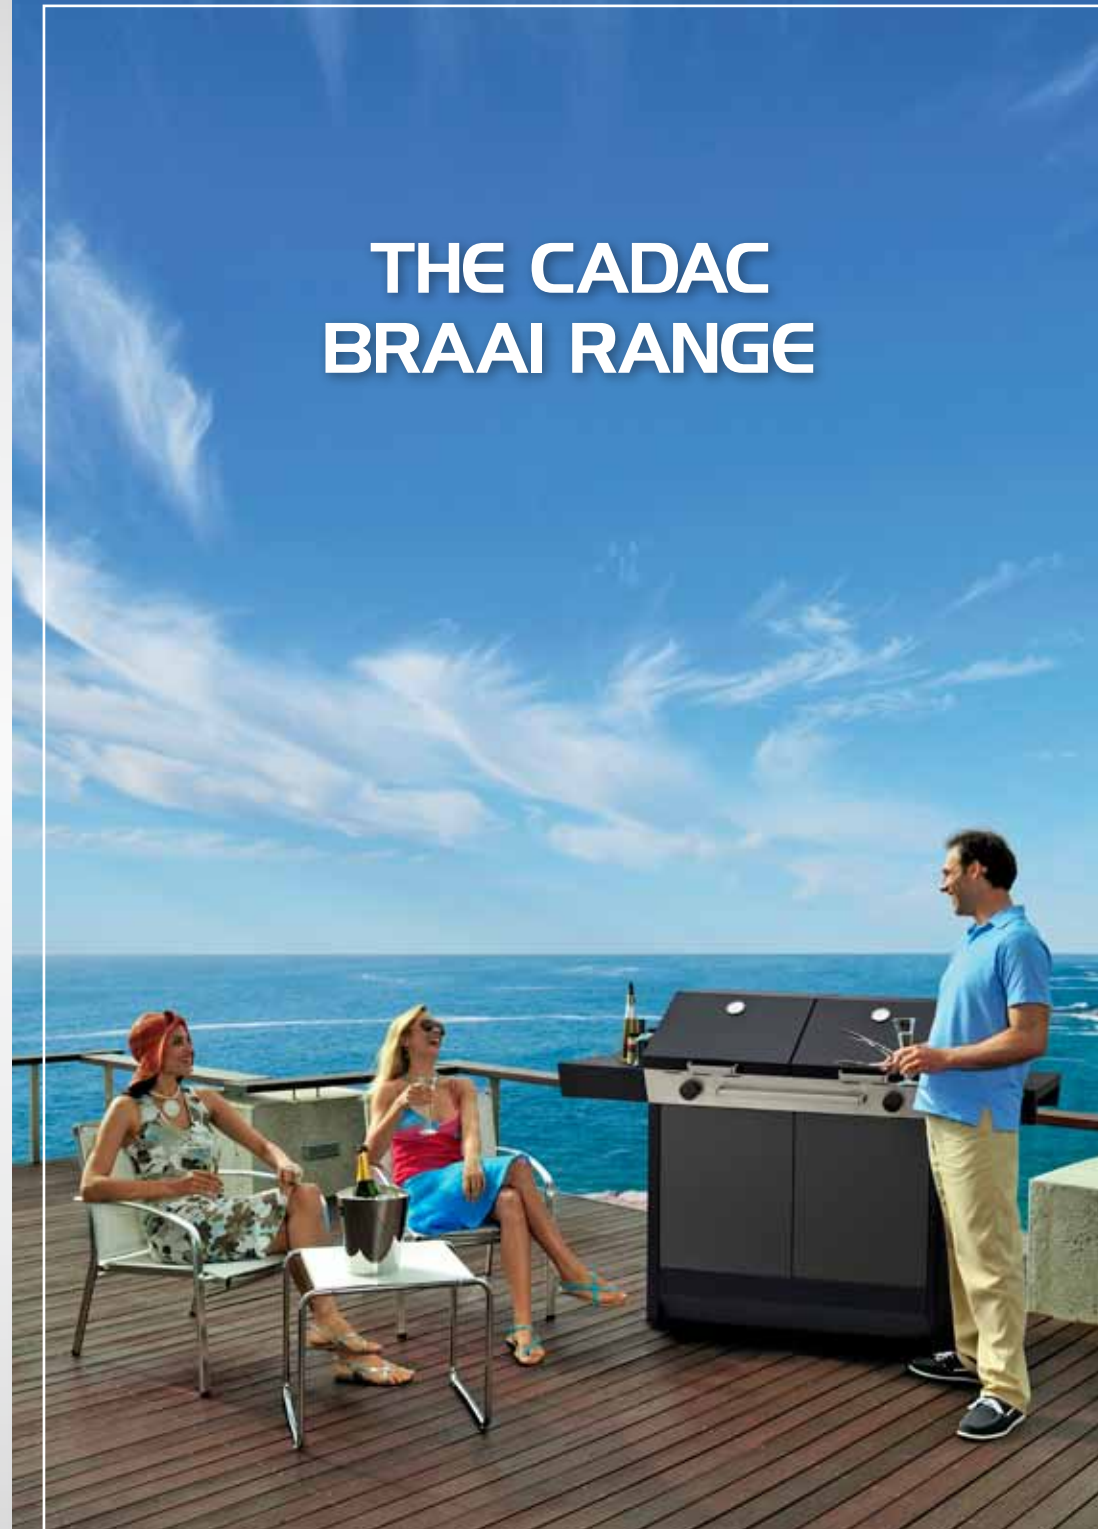

CADAC's commitment to quality, advanced design, technology and the consumer, means that CADAC is constantly striving to make outdoor adventure and home entertaining more enjoyable for consumers. CADAC was recently recognized for its innovation and design by winning the most innovative bbq at the prestigious SPOGA trade show.

CADAC's head office is located in South Africa, where outdoor cooking or a BBQ is locally referred to as a "braai". Australian and South Africa have much in common with bbqing/braaing been a part and parcel of the lifestyle, where good friends and family gather to enjoy food that is cooked in the outdoors; a bbq/braai is a festive, social gathering that is at the heart of both our heritages. Cadac's pay off line "live the Braai Life" captures the spirit of this social dynamic. We at CADAC Australia invite you to join us and "live the Braai Life"

FOR THE "BEST INNOVATION IN BBQS" CATEGORY

BRAAI MAXX

THE BBQ RE-INVENTED

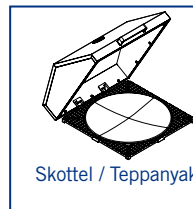

WINNER OF 1ST PRIZE AT SPOGA SHOW, GERMANY IN 2009 FOR "BEST INNOVATION IN BBQS" CATEGORY

A revolution in outdoor cooking with 2 independent cooking areas that allow for a variety of interchangeable cooking surfaces to be used; 2 at a time. Both cooking sides have an independent dome which is double skinned, insulated with non-stick coating on the inside of the dome to assist cleaning. Each dome includes a thermometer.

THE BRAAI MAXX INCLUDES THE FOLLOWING SURFACES WHICH DROP INTO THE BASE GRIDS:

BBQ, smoking, slow
grilling and stewing

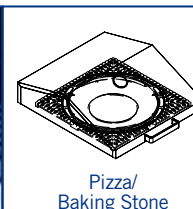

Skottel / Teppanyaki

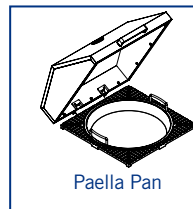

Grill top: The open grill top for all traditional BBQ style cooking. The aluminium grill is coated in hard, low-stick CADAC C-coat, for easy cleaning and is non-stick. So no more un-hygienic grids. Two grill grids are included.

Skottel/Teppanyaki: Made from high grade stainless steel and aluminium TriPly material – the stainless steel for wear and cleaning, and the aluminium for excellent heat distribution. Use the Skottel for stir fries, eggs and bacon, prawns, sausages, or for Teppanyaki cooking.

Pizza/
Baking Stone

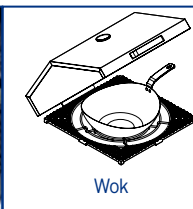

Paella Pan

Baking stone: The baking stone is used for baking all types of bread – from the traditional loaf, to pita bread, from focaccia to nan bread.

Paella pan: Made from thick aluminium with non-stick coating. Ideal for paellas and risotto.

Wok

CADAC BraaiStyle Wok: Carbon steel body allows for high temperatures to ensure perfect wok-style cooking. Solid stainless steel handle.

Cutting board: A bamboo cutting board drops into the front handle for food preparation

5-Jet Turbo-Burner: With the CADAC 5-Jet Turbo-burner you can slow cook for hours at low temperatures (below 100°C) constantly, or high cook and bake at temperatures (over 300°C – perfect for flat breads). Each burner is finely adjustable, includes both piezo ignition and flame failure shut off.

BRAAI MAXX

The two fixed side tables of the BraaiMaxx leave plenty of room for food preparation. All the various tops are stored under the unit in the storage cabinet. The gas cylinder (not included) is also stored away and tidy. Cleaning the BBQ burner box is now also made easy with an easy to clean construction. During cleaning and washing, the water drains to the back of the fire box and then into a drainage bucket at the back.

These multiple options and surfaces ensure that the outdoor enthusiast can enjoy a diversity of exciting dishes which will delight family and guests, time and time again.

Independent insulated BBQ hood with non-stick interior and thermometer

Side table for a spacious work area while BBQing

Independent piezo ignition for each burner

Drop-in cutting board

Includes: POL hose & regulator

Double-skin cabinet doors with magnetic push-release

Cabinet for storage of all cooking tops and gas cylinder

Gas Consumption: 448grams/h, 22.5Mj/h

BRAAI IN STYLE

- All Meridians in the range have the following:
- A break-through in BBQ hygiene with easy wash and clean system. Due to smooth-walled porcelain enamelled construction of the fire box and drainage channels flowing to a drip cup outside the BBQ, the BBQ can be thoroughly cleaned using oven cleaner or detergent and water, eliminating residue build-up. This prevents unhygienic, unsightly and dirty interiors of BBQs.
 - When the inside of the BBQ is wiped, there are no sharp edges that may cut hands.
 - All stainless steel domes, side table and fascias are made of rust-free stainless steel.
 - All doors are double-skinned and rigid.
 - The modular grid size is 26.5cm x 48cm.
 - Modular grid and accessory system allows grids to be removed and any Meridian accessory to be dropped in.
 - All burners are high grade 304 stainless steel with piezo ignition.
 - U-shaped cooking grids trap the heat ensuring even heat and quick heat-up.
 - Each burner has a heat output of 3,2kW (10920 BTU).
 - All Meridians are supplied with 1 flat cast iron grill plate plus 2 cooking grids.
 - Included POL Hose & Regulator

FREE-STANDING MERIDIAN GAS BBQ RANGE

BRAAI IN STYLE

The new Meridian Range has now been adapted for “independent / free standing” installation – anywhere outside. All you need to do is to place it on top of any surface that is not made of wood or plastic and connect the gas supply hose. This runs from a gas cylinder. The gas supply can also be connected to piped-in city gas using the jets applicable for the specific gas.

FREE-STANDING MERIDIAN GAS BBQ RANGE

FREE-STANDING MERIDIAN 4 – INSULATED DOME

The Meridian free-standing gas BBQ range has non-skid support feet which allow the BBQ to stand freely on any outdoor flat surface. It can also be dropped into a purposefully built recess. The free-standing range consists of both a 3 and a 4 burner version. Double skinned stainless steel dome included.

CODE: 982231 – 3 Burner Version . CODE: 982241 – 4 Burner Version

THE CADAC CHARCOAL RANGE

CHARCOAL KETTLE RANGE

CHARCOAL PRO DELUXE 57CM

The Deluxe version of the 57cm Charcoal Pro features:

- Screwed-on black anodized legs to ensure they do not fall off when the BBQ is moved and to make the BBQ more stable.
- A stainless steel non-rust ash bowl to collect the ash and not to allow it to blow all over the outdoor area.
- A thermometer in the dome
- Curved steel edges on all of the dome and bowl parts to stop it being damaged, and to prevent rust forming on all the sharp edges.
- A patented and adjustable central air intake vent that works to control the amount of air let in, and which can shut off the air flow to cut down the use of expensive charcoal.
- A central air outlet for a balanced air outflow which ensures indirect cooking is optimal.
- A stainless steel utensil hook to make sure utensils are always at hand and not littering the patio's surfaces.
- "Soft-grip", stay-cool handle on the dome means handles stay cool enough for the human touch.
- Dome clips conveniently on the back of the bowl and legs to give proper wind protection

As added value, we have included a stainless steel drip pan, plastic utility tray, as well as a thick steel charcoal fire grid which will not burn through and need replacing as quickly as other popular makes. For easy cleaning the cooking grid is covered in a low-stick matt vitreous enamel coating – leaving the Cadac Braai enthusiast with more time to BBQ and having to spend less for cleaning!

CHARCOAL KETTLE RANGE

CHARCOAL PRO 57CM
THE KETTLE AT ITS BEST

Renowned for being industry leaders in terms of innovation, CADAC have reinvented the traditional charcoal kettle BBQ so as to solve the well-known shortfalls of the traditional USA kettle.

The 57cm Charcoal Pro features:

- Screwed-on legs to ensure they do not fall off when the BBQ is moved and to make the BBQ more stable.
- A stainless steel non-rust ash bowl to collect the ash so it doesn't blow all over the outdoor area.
- Curved steel edges on the dome and bowl parts to stop them being damaged, and to prevent rust forming on the sharp edges.
- A thermometer in the dome
- A patented and adjustable central air intake vent that works to control the amount of air let in, and which can shut off the air flow to cut down the use of charcoal.
- A central air outlet for a balanced central air outflow and inflow which ensures indirect cooking is optimal and symmetric.
- A utensil tool holder is included
- Stay-cool handle on the dome means handles stay cool enough for the human touch.
- The dome clips conveniently on the back of the bowl to give effective wind protection

Also included are a plastic utility tray, stainless steel drip pan and a thick steel charcoal fire grid which will not burn through and need replacing as quickly as other popular makes. For easy cleaning the cooking grid is covered in a low-stick matt porcelain enamel coating.

CHARCOAL KETTLE RANGE

CHARCOAL MATE 50CM & 57CM

A simple, practical, easy-to-clean barbecue with sturdy anodized fixed aluminium legs and a rust-proof enamelled steel body. All enamelled edges are curled over to prevent rust forming on sharp edges. The Charcoal Mate has dual air vents on the dome for better indirect cooking and stay-cool thermoplastic handles on the bowl and lid. The central air intake vent gives an even charcoal burn and no ash falls out of the bowl. The ash is easily removed by lifting and tipping the BBQ bowl upside down. An added feature is the convenient hook-on lid which acts as a windshield. This affordable barbecue has ample cooking space for the kettle barbecue lover who wants a durable and practical kettle that gets cooks beautifully.

Optional accessory: the CADAC Fire Express is a quick, convenient and easy way to light your charcoal or for instant hot coal top-ups during cooking. It holds up to 1.5kg of charcoal and the robust and flexible design allows for compact storage.

Charcoal Mate 50cm. The 57cm kettle has the same features as the smaller 50cm version.

It includes a utensil holder, wheels and is 57cm in diameter

THE CADAC CHEF RANGE

LEISURE CHEF 57cm

THE VERSATILE GAS KETTLE BRAAI

The CADAC Leisure Chef is the 57cm addition to the popular CADAC Chef Range of portable barbecues with interchangeable tops. With 50% more cooking area than the Carri Chef, it is the ideal alternative to a charcoal kettle BBQ with lots more options. It has a half pressed grid, coated in porcelain enamel and a half reversible griddle with a ribbed and a flat side. This is non-stick coated for easy cleaning and for a choice of meal preparations from breakfasts to grilling, frying and indirect cooking. Also included is the famous CADAC skottel. Additional surfaces can be bought as optional accessories to make a combination of cooking surfaces. The Leisure Chef features push-button piezo ignition and works off a refillable LP gas cylinder (not included) which is housed neatly in the centre of the condiment tray at the base of the unit. The removable fat pan and drip cup for excess fat, helps to keep the BBQ clean and hygienic. The lid can also be hooked onto the side legs of the BBQ to act as a windshield and splash back.

GRILLOGAS BRAAI 40cm

GRILLOGAS BRAAI

Robust design with a **cast iron, 38cm reversible** top; one side ribbed and one side flat. The ribbed side is ideal for grilling steaks, fish and hamburger patties, while the flat side is perfect for those breakfast cook-ups of flapjacks, pancakes and traditional bacon and eggs. The cast iron ensures consistent, even heat distribution and retention. The unit comes complete with a stainless steel burner and a rust-proof, vitreous enamel support pan, which ensures the wind does not blow the flame out on the burner on a windy day. It runs off a CADAC 500gm threaded gas cartridge using a **hose and regulator (included)**, or a gas cylinder with a hose and regulator (not included). For easy storage and portability, the legs fold up and pack into a carry bag.

CODE: 5297

SKOTTEL BRAAI 50cm

EASY OUTDOOR BRAAIING WITH CADAC'S SKOTTEL BRAAI and GRILL 2BRAAI

CADAC is famous for developing the CADAC Skottel Braai, which originated from South African farmers using a blunt plough shear over a fire to cook an outdoor meal.

SKOTTEL BRAAI

The Skottel is perfect for cooking a wide variety of outdoor meals... from traditional breakfasts, paellas, sausages, eggs, stir fries and many other dishes. Exceptionally versatile, robust and portable, the Skottel Braai weighs under 10kgs. The skottel dish is coated in hard porcelain enamel and has stainless steel fixed handles. The unit works off a CADAC 500g threaded cartridge (not included), using a **hose and regulator (included)**. It can also be driven from a cylinder using a hose and regulator (not included). The Skottel Braai comes complete with a light-weight tripod designed for stability. For easy storage and portability, the legs fold up and pack into a carry bag, while the skottel top packs into a separate carry bag. The bags are included.

CODE: 5295

GRILL 2BRAAI 50cm

EASY OUTDOOR BRAAIING WITH CADAC'S SKOTTEL BRAAI and GRILL 2BRAAI

GRILL 2BRAAI

48cm in diameter, the Grill 2Braai is equipped with the two-sided light-weight aluminium non-stick grill plate; one ribbed half and one flat half to allow for a combination of cooking options. Grill fish, meat, chicken or vegetables on the one side, while preparing pancakes, eggs and bacon, or a stir fry on the other. For maximum ease and portability, it works off a CADAC 500g threaded cartridge which is conveniently housed in the tripod. The cartridge is used with a **hose and regulator which is included**. It can also be used with a cylinder using a hose and regulator (not included). The unit comes complete with a light-weight packaway tripod designed for stability. For easy storage and portability, the legs fold up and pack into a carry bag, that is included, while the grill tops pack into a separate carry bag. A removable drip cup catches all the fat.

TRAVEL CHEF 37cm

TRAVEL CHEF

The Travel Chef provides aesthetics, functionality and portability all-in-one. This lightweight gas BBQ has three interchangeable cooking surfaces: reversible flat griddle plate and ribbed griddle plate, pressed BBQ grid. Indirect cooking (BBQ Kettle) is achieved by using the lid and BBQ together. The Travel Chef works off a CADAC 500g threaded cartridge or any EN417 threaded cartridge or can operate off a LP gas cylinder using a hose and regulator (not included). The unique clip-on legs make for easy transportation when camping, fishing, going to sports events or any outdoor venues. The dome easily clips on the sides for wind protection. A convenient carry bag is included with the unit.

CODE: 5240

Total weight: 11.4kg

- Ideal for home use, camping, fishing, picnicking or hiking.

CODE: CA500 Weight: approximately 700g when full

THE CADAC ACCESSORY RANGE

BRAAISTYLE ACCESSORIES

MIXED KNIFE SET

PARING KNIFE: A 12cm paring knife with a plain edge blade that is ideal for peeling and other small or intricate work such as de-veining shrimps, removing seeds or cutting ingredients for small garnishes.

COOK KNIFE: A 20cm Cook's knife is an all-purpose knife used for slicing, chopping, dicing, mincing, and cutting. The curved blade allows you to rock the knife on a cutting board for a more precise cut.

BREAD KNIFE: A 20cm bread knife with a serrated blade for cutting breads and pastries.

CODE: 98376

CHINESE CLEAVER

Designed in the same style as that of the knife set but with a larger, rectangular very sharp blade, used for slicing and preparing a wide variety of meats, fish or vegetables. The blade, approximately 15cm long, is heavy, with a thick spine, enabling the knife to chop through bone and joints with ease.

CODE: 98383

32CM PIZZA LIFTER

The 32cm aluminum pizza lifter is designed to lift and serve pizza slices without it sticking and breaking whilst being handled.

CODE: 98380

WOK

This lightweight 30cm x 35cm wok, made with a black carbon steel body, allows for rapid transfer of heat. It has a solid robust stainless steel handle and the large sloped ends make it easy to toss and stir food thus minimising spillage.

CODE: 98378

SALT AND PEPPER GRINDER

The 17cm high and 6cm wide, sleek black and white salt and pepper set with ceramic grinders to complement any table setting.

CODE: 98375

BRAAISTYLE ACCESSORIES

CAST IRON REVERSIBLE LOGO GRILL & REMOVABLE HANDLE

The 28cm x 28cm reversible ribbed and flat cast iron grill creates an extremely hot and even cooking surface while the removable stainless steel handle stays cool. For indoor use on gas hobs or outdoor use on gas BBQs. The grill has a “ribbed” side featuring the CADAC logo, perfect for grilling and a “flat” side for traditional breakfasts, pancakes etc.

CODE: 98382

ALUMINIUM CERAMIC COATED REVERSIBLE SWING GRILL & HANDLE

The 28cm x 28cm reversible swing logo grill plate has a flat side and a ribbed side. The special ceramic coating is partially non-stick and allows for easy cleaning. The stainless steel handle is removable and so it will stay cool to allow for easy handling. For indoor use on gas hobs or outdoor use on gas BBQs. The grill has a “ribbed” side featuring the CADAC logo, perfect for grilling and a “flat” side for traditional breakfasts, pancakes etc.

CODE: 98508

MEAT THERMOMETER

The digital electronic thermometer is ideal for cooking fish, chicken, or meats to perfection. The foldable probe remains snug and protected for storage and folds out for gauging the temperature. An enclosed magnet allows you to hang the thermometer on any mild steel surface.

CODE: 98395

UTENSIL SET

A set of 3 high quality, stainless steel designer – styled utensils. These are robust, practical, stylish and easy to use. They consist of a spatula, a fork and a set of tongs, and each of them has a bottle opener incorporated in the handle. This utensil set is made from high grade 304 stainless steel.

CODE: 98397

4 EGG SET

This set of non-stick coated aluminum independent egg cookers is ideal for cooking the perfect egg to suit individual tastes. They are easy to clean, light-weight and can be used in BBQs, small gas hobs or any camp stove.

CODE: 98399

BRAAISTYLE ACCESSORIES

POULTRY ROASTER

Cooking the traditional “beer-can chicken” has now been refined and enhanced with the CADAC poultry roaster.

Two high quality stainless steel supports fit over a central herb, spice, wine or beer cup. The succulent flavours drain into the surrounding pan to simultaneously roast potatoes, onions, peppers and other vegetables.

CODE: 5581

COOK PAN

This “do all” cook pan is made from hard anodized, thick, solid aluminum for maximum heat conduction.

Hard anodized aluminum is the surface of choice for professional chefs.

CODE: 5579

CASSEROLE POT

The CADAC casserole pots are made from hard anodized, thick, solid aluminum for maximum heat conduction. This gives even cooking preventing burning on the bottom of the pan. The solid 304 stainless steel handles are robust and almost un-breakable. The hard anodized aluminum is the professional chef's choice for long-life cookware. All handles are recessed for easy storage and the side handles can be clipped out to stay up or folded back into position. These pots are available in 3 sizes; 1.5 litres, 3 litres and 5 litres.

CODE: 5573 (1.5l)

CODE: 5575 (3l)

CODE: 5577 (5l)

CASSEROLE STEWING POT/GRILL PAN

This 4 litre multi-purpose cast iron pot is a large, deep pot or dish used both in the oven, on a burner or as a serving dish. The lid doubles as grill pan. This casserole stewing pot/grill pan can be used in gas BBQs, charcoal BBQs, indoor ovens and on an open fire.

CODE: 98381

Lid doubles as frying pan or grill

BRAAISTYLE ACCESSORIES

STAINLESS STEEL MAGNETIC TOOLSET

These multi-functional tongs are fitted with unique magnetically sprung handles which can unclip and assemble into a number of configurations for gripping, lifting and turning large or small items of food with ease. When separated, they're an independent fork and spatula. The 40cm tongs are made from stainless steel with stay-cool handles. The magnets allow the units to be clipped onto metal surfaces (Not stainless steel surfaces).

CODE: 98371

NYLON TONGS

These 40cm tongs are made from thermally resistant plastic. These multi-functional tongs are fitted with unique, magnetically sprung handles which can un-clip and assemble into a number of configurations for gripping, lifting and turning large or small items of food. They can also be used as salad servers. When separated, they are independent spatulas. The magnets allow the units to be clipped onto metal surfaces (Not stainless steel surfaces).

CODE: 98372

SKOTTEL SPATULA

This 40cm long spatula is made from thermally resistant plastic. The spatula does not scratch the surface of your skottel, and includes magnets which allow it to be attached to the metal side of any BBQ (Not stainless steel).

CODE: 98387

SIGNATURE BBQ SKEWER SET

A set of 6 re-usable stainless steel skewers with pointed tips and individually designed shapely grips for personal identification. Each stylish skewer has an effective length of 30cm.

CODE: 98373

PLASTIC BOWL SET

A shapely set of inter-locking plastic bowls comprising of four 1 litre bowls (18cm each), 3 litre bowl (25cm) and a 3 litre colander in various colours. Ideal for use in the preparation or serving of salads or side dishes to accompany any outdoor meal. The inter-locking of the salad bowl and colander create the perfect mixer. The bowls fit together into a ball to create a sealed environment to food, and stack onto each other for easy storage. The bowl set is dishwasher safe.

CODE: 98374

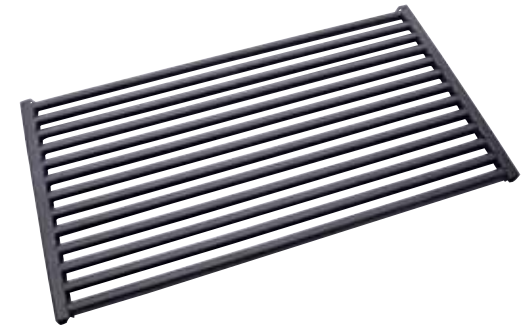

ENTERTAINER/MERIDIAN RANGE ACCESSORIES

CERAMIC COATED ARGENTINE GRILL

This ideal accessory is made from die-cast aluminum and coated in ceramic non-stick material for easy grilling and cleaning. The grid is reversible and can be used with the U-section up or down. With the U-section upwards, the cooking fats drain into the U-channels and thereafter drained through holes. This Grill promotes healthier cooking and is known as an "Argentine Grill". In the reverse position, it doubles up as a normal cooking grid with non-stick coating. It fits the standard module of the CADAC Entertainer and Meridian Range grids (265mmx 480mm).

CODE: 98396

STAINLESS STEEL TEPPANYAKI PLATE

The heavy-duty "Tri-Ply" Teppanyaki is made from 304 grade stainless steel to the same specifications as is used by Professional Chefs. The "Tri-Ply" consists of the stainless steel outer plates sandwiched over aluminum to maximize conductivity of heat, and to give perfect Teppanyaki cooking. Stainless steel handles make the Teppanyaki plate easy to remove for cleaning and for serving if required. Ideal for fish, seafood, beef, vegetables or any other Teppanyaki cooking. It fits the standard module of the CADAC Entertainer and Meridian Range grids. (265mmx 464mm).

CODE: 98506

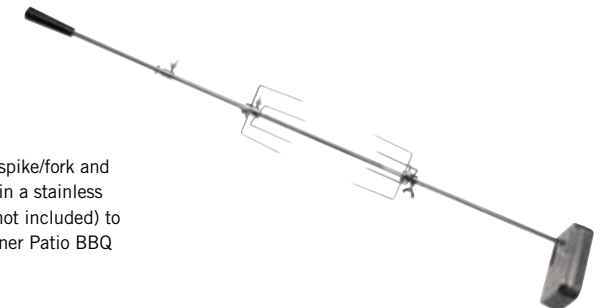

3 & 4 BURNER ROTISSERIE

The rotisserie features a chrome-plated steel spike/fork and a heat resistant handle. The motor is housed in a stainless steel case and requires two size D batteries (not included) to operate the motor. Fits the CADAC 3 or 4 burner Patio BBQ range.

CODE: 98354 – 3 Burner

CODE: 98357 – 4 Burner

ENTERTAINER/MERIDIAN RANGE ACCESSORIES

RECTANGULAR CERAMIC BAKING STONE

The 10mm thick baking stone can withstand temperatures of 500°C and can be used in electrical ovens, charcoal kettles and gas BBQs (but not in gas ovens), to bake pita bread, a traditional pizza, focaccia etc. It fits the standard module of the CADAC Entertainer and Meridian Range grids (265mmx 480mm).

CODE: 98394

NON-STICK COATED REVERSIBLE GRILL

The teflon coated non-stick reversible ribbed and flat griddle plate is an accessory for the CADAC Meridian range. The flat plate is ideal for cooking fish, breakfasts and pancakes and the ribbed plate is ideal for grilling meat, fish, chicken and vegetables. It fits the standard module of the CADAC Entertainer and Meridian Range grids (265mmx 480mm).

CODE: 98505

NON-STICK COATED WARMER PAN

This warmer pan is made from thick, solid aluminum with teflon coating inside and has stainless steel handles. The hard anodized exterior gives tough scratch resistance and the non-stick interior is coated with non-stick material for easy cooking and cleaning. It fits the standard module of the CADAC Entertainer and Meridian Range grids (265mmx 420mm).

CODE: 98507

KETTLE RANGE ACCESSORIES

FIRE UP

The Fire Up is a convenient gas fire starter which works in conjunction with a CADAC 500g threaded or CADAC 190g pierceable gas cartridge with Travel Pak (not included). The Fire Up fits underneath the CADAC Charcoal Pro kettle BBQ in place of the stainless steel ash collector and gets you cooking in under 15 minutes. Once the coals are ready to cook on, the Fire Up is replaced by the ash collector.

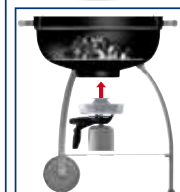

CODE: 5290

HOW THE FIRE UP WORKS

The fire up works directly off a CADAC 500g cartridge or any en417 threaded CADAC cartridge (not included)

New revolutionary world patented gas fire starter for the CADAC Charcoal Pro BBQ

CHARCOAL GRID FOR 57cm KETTLE BBQs

This replacement charcoal grid for 57cm kettle BBQs has a sturdy construction and is nickel-plated for corrosion resistance. It fits the CADAC 57cm Charcoal Pro and most other standard 57cm kettle BBQs.

CODE: 98200

STAINLESS STEEL TOOL HOLDER

Stylish accessory that fits all makes of kettle BBQs.

CODE: 91852

KETTLE RANGE ACCESSORIES

ADJUSTABLE BBQ GRILLER

Nickel-chrome plated adjustable grid fits most charcoal or gas BBQs or over an open fire for difficult-to-handle foods, enabling ease of turning. Holds spatch-cock chicken ("flatties"), vegetables, fish, meat and sausages.

CODE: 98810

RIB RACK

A multi-purpose nickel-chrome plated rack ideal to use inside kettle BBQs for the roasting of ribs, quarter chicken pieces or extra thick chops.

CODE: 98825

ROAST RACK

Convenient, all-purpose nickel-chrome plated rack ideal for roasting large cuts of meat to fit charcoal kettle BBQs using the indirect cooking method..

CODE: 98820

ROUND BBQ GRILLER

Nickel-chrome plated round grid which fits most charcoal or gas BBQs or over an open fire to hold sausages for barbecuing. Holds traditional South African "Boerewors", other sausages, veggies or fish.

CODE: 98800

PIZZA STONE

33cm diameter pizza baking stone can be used in electrical ovens, charcoal kettles, gas BBQs and in CADAC's Carri Chef Deluxe. 10mm thick baking stone can withstand temperatures of 300°C. Not for use in gas ovens. Includes chrome plated wire holder.

CODE: 98368

CHEF RANGE ACCESSORIES

LEISURE CHEF HALF ROUND GRILL PLATES

There is a non-stick reversible half-round ribbed and flat griddle plate for one half of the CADAC Leisure Chef. The flat plate is ideal for cooking fish, breakfasts and pancakes and the ribbed plate is ideal for grilling meat, fish, chicken and vegetables. For the other half of the Leisure Chef there is a non-stick half-round pressed grill plate which is ideal for traditional barbecues. With these 2 additional half-round grills, the Leisure Chef provides 6 cooking alternatives.

CODE: 8401

PAELLA PAN

The 47cm lightweight but thick aluminium non-stick Teflon (US Du Pont®) pan is easy to use and clean. It features stainless steel handles for easy handling. The large cooking area is ideal for preparing risottos, paellas, pasta dishes, breakfasts and other meals that cater for large groups of people. For use on the CADAC Carri Chef, Eazi Chef, Handi Chef or any other gas or electric hob. The underside is a clear, machined finish. A convenient storage bag is included.

CODE: 5758

SKOTTEL TOP

An interchangeable cooking surface with stay-cool handles can be used as a versatile cooking option to fit the CADAC Carri Chef, Eazi Chef and Handi Chef range. It is ideal for preparing wok-style cooking, stir-fries, pasta dishes, sauces and breakfasts and includes a convenient carry bag.

CODE: 8620

ROAST PAN AND STAND

The roast pan is an interchangeable cooking surface that can be used as an additional cooking option on the CADAC Carri Chef, Eazi Chef and Handi Chef. The non-stick interior of the pan makes it ideal for preparing roast chicken, vegetables, etcetera.

CODE: 8632

CARRI CHEF TABLE TOP LEGS

The screw-on legs convert the CADAC Carri Chef into a table top model for ease of use on a table or other solid surfaces. The legs are interchangeable with standard legs.

CODE: 8610

BBQ COVERS

PORTABLE WATER HEATER

CELSIUS

Enjoy instant hot water anywhere. The Celsius is an energy efficient, gas-powered water heater, which can be adapted for a shower. By connecting the water and gas inlet to one end, turning on the water and the gas, then hot water flows out the other end. For safety, the gas shuts off when the water flow stops. The unit can heat five litres of water per minute up to a maximum of 45°C, depending on the water inlet temperature and water flow. The Celsius is fitted with a piezo ignition and works from a refillable LP gas cylinder (not included), with hose and regulator (included) which connects directly to a CADAC LPG Cylinder. Easily connects to any standard ¾" water tap using a standard garden hose adaptor (not included). The lightweight heater, at a weight of approximately 5kg, with convenient carry handle, make portability easy and is great to supply hot water for camping, boating, outdoor showers, washing dishes, cleaning your BBQ, washing pets and during power cuts. The Celsius is a instant hot water supply or shower, anywhere, anytime.

CODE: 5315

Total weight: 15kg

Heat output: 33172BTU

Water pump submerged in water bowl/bucket

Included is a shower head and 3m hose

Convenient storage/carry bag

The Celsius works directly off a hose and regulator connected to a refillable LP gas cylinder (not included)
